

Attention Litchfield County Land Trusts and Municipalities!

Do you own or control farmland that's unprotected or underutilized? Our Farmland Protection Circuit Rider Project was designed just for you – and it's free!

- Direct support in helping to identify suitable farmland parcels for protection
- Guidance on conservation options available and the respective application processes
- Assistance in configuring a farmland protection project with agricultural viability in mind
- Assessment of restoration needs and evaluation of suitable federal and state programs
- Development of an RFP and Farmlink listing and assistance with potential producers

Call Clark at (860) 683-4230 or email him at cchapin@farmland.org for more information
