## About the Connecticut Accredited Land Trust Working Group

Launched in 2018, the purpose of the working group is to stay connected and current in developments affecting land trust work, Standards & Practices, and (re)accreditation. Facilitated by Amanda Branson (Northwest Connecticut Land Conservancy), Connie Manes (Kent Land Trust, CLCC Advisory Council, etc. etc.), and CLCC staff, this peer network and leadership group meets to discuss topics of shared interest, and to undertake projects to assist Connecticut land trusts in implementing best practices.

*The Working Group is seeking a third co-chair. If you are interested in serving in this role, please contact CLCC's Deputy Director, Aaron Lefland at [alefland@ctconservation.org](mailto:alefland@ctconservation.org).*

Since its formation in 2006, CLCC has grown into one of the most effective land trust service associations in the country, offering a wide range of programming and services – from traditional capacity building, training and education, to new and creative opportunities for land trusts to better connect to one another and their communities for greater conservation, economic, and social impact.
