CT Beaver Initiative: Funding Assistance Program

Thanks to a grant from the **John T. And Jane A. Wiederhold Foundation**, the Beaver Institute has funding to assist with installation of water flow devices to humanely, non-lethally, and ecologically mitigate beaver-related flooding in the **State of Connecticut**.

Who can participate? Any individual, town, business, or organization in Connecticut.

What are the criteria? A willingness (of all parties involved) to resolve problems non-lethally for the long term, a site that is conducive to flow device usage, and permission of the landowners and the local Inland Wetlands Commission to install water flow devices. Some financial investment is required from the property owner.

How do I request assistance? After obtaining a professional estimate for the installation of the beaver flow device, send a description of your conflict site(s) with the estimate, and the limitations of your budget to the Beaver Institute for consideration.

Funding assistance: The amount of funding offered to each applicant will depend on the number of requests, the amount of each viable request, and a commitment from each requester to pay a portion of the flow device installation and maintenance.

Deadline: Requests will be accepted throughout 2020 until funding is exhausted. Requests will be considered in the order in which they are received, but financial need can play a role in some cases when funding is limited.

Send requests to: Beaver Institute Inc., CT Beaver Initiative Committee,

14 Mountain Road, Southampton, MA 01073;
or scan and e-mail to grant@beaverinstitute.org
