Relating to Eversource Replacement of Transmission Towers

- [Petition 1293](#). This site has the CT Siting Council Decision Letter and Staff Report, with what Eversource stated about their plans for replacing the transmission line structures. Some documents referenced in this petition:
 - [Eversource's September 2016 Best Management Practices Manual for Massachusetts and Connecticut](#) (214 page document)
 - [CT DEEP 2002 Guidelines for Soil Erosion and Sediment Control](#)
- Note that there will be all sorts of siting issues (e.g. Cell phone towers, solar farms) listed in the above listings by town. To find those related to Petition 1293, scroll down to those saying "Sub-Petition 1293" followed by a series of letters and numbers. In general, the sub-petitions seem not to be listed until after there has already been a CSC decision, so this is not the place to try to get advance notice before the 30-day time limit.
